

Interested in attending a Virtual ADDRESSING SUBSTANCE USE Champions Workshop?

Level **2**

WORKSHOP OBJECTIVES:

APPLY an appropriate evidence-based assessment tool to identify people with substance use disorders.

LEARN therapeutic interventions and techniques to treat clients with substance use disorders.

DISCUSS approaches to integrate best practices in clinical care and organizational processes.

The Addressing Substance Use Virtual Level 2 Workshop is a FREE, live 2-part online educational opportunity designed for nurses and health professionals with experience working with clients who use substances and who would like to advance their knowledge of this group.

Register Today!
