

# PROBING THE INTERSECTION BETWEEN TRAUMA, PAIN, PHYSICAL, AND MENTAL HEALTH IN INJURED ADULTS

PRESENTED BY  
DR. DAVID WALTON

*What if we could know people before they were injured?*

*What would person-centred research look like?*

*This presentation will examine and discuss the influence of individual differences on the mental and physical health outcomes of those who have experienced pain and trauma.*

Join us as we engage in dialogue surrounding the current state of the field and imagine what the future of this research looks like!

Thursday, April 6th  
12:00pm-1:00pm

Join us on Microsoft Teams.
