presents**

Engaging the community to Locate Missing Persons with Dementia

Thursday January 25th 2024

7-8:30pm

via Zoom

Presenter: Busola Adekoya RN, GNC (C)

Busola's (PhD candidate) research focuses on missing persons with dementia and the use of innovative strategies such as technology to mitigate risks of going missing in persons living with dementia. Busola is currently co-designing an undergraduate course on ***"The Wicked Problem of Precarity"*** such as poverty, homelessness, and housing scarcity with an interdisciplinary team at the University of Waterloo.
